Residential Burglary - Vehicle of Interest

Case #15-2526

On Friday, August 28th, 2015, a home on Wrangler Road was burglarized between 9:15am and 3:55pm. The burglar(s) entered through an unlocked rear sliding door and carefully stole jewelry and iPads from the residence. The home was not ransacked.

When the victim left her home at 9:15am, she noticed a smaller SUV (likely a Nissan Rogue) parked across the street from her residence. She also noticed a **partially torn off florescent orange sticker** (as if the vehicle had been recently tagged with a "72 Hour Notice" sticker) was on the driver's side window of the vehicle. There was one male occupant in the vehicle.

The vehicle below was captured on a neighbor's video surveillance (Video shows Eastern time and is three hours ahead). The victim confirmed this was the same vehicle she saw.
